All teams that entered their official inscriptions in due time will be divided by drawing into as many pools of 3 as possible. However, the 4 teams that got the medals at the previous Team Championships will be seeded into different pools and removed to the far end of the grid.

The order of matches will be announced, and pools can be combined, respecting the principle of separation as mentioned in the foregoing paragraph.

If the inscriptions make it necessary, **pools of two (2) or four (4)** will be included.

The **first two out of every pool** will be entered on the tournament grid. The 1st placed of one pool will compete with the 2nd placed of another pool.

6.2.4.1.1. Specific pool system rules.

For the first round the names and the order of combats shall be handed in at the managers' meeting, all others at the administration table of the shiai-jo immediately after the end of the previous fight of the respective team.

The combats are played by "*sanbon-shobu*" and the duration is **4 minutes** for all categories. Equality (*hikiwake*) will be declared in case no points are scored or if the score is one to one.

If two teams remain even at the end of the pool, a supplementary fight, between two of the team members will decide on the victory. This fight will be held according to the "*ippon-shobu*"-principle, without time limit.

Revised 2022-01-21

6.2.4.1.2. Team Classification.

Determination of the winning team in both pool and tournament matches will be made in the following order of precedence:

1. Highest number of individual winners; but, if it is a tie, then
2. Highest number of points scored.
3. Should 1. and 2. still be a tie, a draw will be declared in the pool matches (see next paragraph) and a play-off will be conducted in the tournament matches.
4. A default is regarded as a loss: the opponent is given 2 points.

Determination of the ranking of teams in the pool matches will be made in the following order of precedence:

1. Higher number of team matches won; but, if it is a tie, then
2. Lower number of team matches lost; but, if it is a tie, then
3. Higher number of draws in team matches (see above), if it is still a tie, then
4. Higher number of individual winners; if it is still a tie, then
5. Lower number of individual losses; but, if it is a tie, then
6. Higher number of individual draws (*hikiwake*), if it is still a tie, then
7. Higher number of points scored, if it is still a tie, then
8. Lower number of points lost.

If the situation is still a tie between two teams, either to determine the order between first and second or second and third team in the pool, a play-off (*ippon-shobu*) between representatives of the two teams will determine the ranking.

Should the situation be a tie between all three teams in the pool, the ranking of teams shall be determined by a pool played by a representative of each team in play-off (*ippon-shobu*) 3 Minutes, like in the individual tournament.

6.2.4.2. Tournament.

The tournament is using the knockout system. The refereeing rules and the principles for discerning the winners are the same as those defined for the pools. **The duration of fights is 4 minutes for juniors and 5 minutes for seniors.**

Revised 2022-01-21

6.3. Individual Championships.

6.3.1. Senior Male Individual Championship.

Every country may list a maximum of **4 (four)** competitors, following the rules set out earlier. The minimal age is **18 years** at the time of the actual championship day.

6.3.2. Senior Female Individual Championship.

6.3.4. Common rules for the Individual Championships.

6.3.4.1. Preliminary contests (Pool system).

Every pool is in principle composed of three fighters, who fight in the following order:
1><2, 1><3, 2><3.

In the case of pools composed of four, each one will fight **3 (three)** times as follows:
1><2, 3><2, 3><4, 1><4, 1><3, 2><4.

It is possible that in this same order pools may be combined, or a different order of fights is announced. The division into different pools will be handled by drawing, on condition that fighters of the same nation will be kept out of the same pool. Also, the 4 competitors that got the medals at the previous respective Championships will be seeded into different pools and moved to the corner of the elimination bracket.

The combat time is **4 minutes**, following the “*sanbon shobu*” rule. If appropriate an even match (*hikiwake*) may be the result.

The fighters of the same pool will be ranked as follows. The criteria will be applied in that order and the subsequent criteria will be only applied if a clear decision is not reached:

1. The higher number of fights won; if it is still a tie, then

Revised 2022-01-21

2. The lower number of fights lost; if it is still a tie, then
3. The higher number of hikiwake; if it is still a tie, then
4. The higher number of points scored; if it is still a tie, then
5. The lower number of points lost.

In case of equality between two fighters, one supplementary fight will take place immediately after the normal pool fights, to establish the final order among the fighters. These fights will follow the rule of "ippon shobu", without time limit. In pool of four players, supplementary fights will not take place to determine positions three and four, if first and second positions are clear.

In case of equality between all 3 or 4 fighters at the end of the pool, they will fight again the pool of 3 or 4 fighters following the "ippon shobu" principle. **If even after two such rounds the order among the fighters is not clarified, the result shall be determined by lot (*chusen*).**

6.3.4.2. Tournament.

After the pool system, **the first** out of every **pool of three** and **the first and second** out of **pool of four fighters** will be put on the tournament grid. The fights will follow the knockout system.

The combat time is **5 minutes** for seniors and **4 minutes** for juniors, following the "sanbon shobu" rule, with the possibility of one prolongation (*encho*). For seniors, there is no time limit on the "encho".

For juniors, "encho" is **a maximum of 6 (six) minutes. Thereafter the decisions will be taken by shinpan-decisions (*hantei*), except for semi-final and finals, where encho without time limit will apply.**
