All participants

We will accommodate allergies and dietary restrictions as entered in the Final Entry for lunches and dinners provided by the FKA.

We will have an official photographer at the event and are planning to stream the taikai. Please confirm with your delegation that they consent for their image to be taken, archived by the FKA, and potentially published, as final registration will be taken as indication of consent. Individuals may withdraw consent by sending an email to the FKA's information protection officer at tietosuoja@fka.fi.

Please ensure you have up to date photos of all delegation members in the EKF system by the end of the final entry. We will export photos for the EJC booklet soon after the final entry closes.
